

5 YEAR LIMITED MATERIAL WARRANTY APPLICATION

Warranty: Manufacturer's 5 Year Limited Material Warranty. American Industrial Manufacturers of Building Materials (AIM) warrants to the building Owner ("Owner"), AIM Product #'s _____ to be free of manufacturing defects for a period of FIVE (5) years from the date of installation. Should the product prove to be defective in its manufacture, AIM will provide sufficient quantities of the same or equivalent AIM product to replace the defective product. This warranty is not transferable and terminates if the building is sold or ownership transferred.

This warranty is expressly conditioned upon:

The accuracy of the AIM Approved Applicator's representations as to the type of roof and condition of the roof at the time of installation.

The AIM Approved Applicator's obligation to apply the coating material in strict accordance with AIM's most current published application instructions and highest industry standards.

AIM's liability to the Owner for any defect, failure, or deficiency, which is covered by this warranty, shall be expressly conditioned upon the Owner's obligation to notify AIM within five working days of the date that Owner discovers the defect. AIM shall then have the right to immediately inspect the defect, and if not given this right, the warranty shall be terminated.

AIM shall not be responsible for repairs made by anyone other than the AIM Approved Applicator. Repairs, modifications or alterations to the roof made without the express written permission of AIM shall cause the warranty to be terminated.

This warranty covers:

AIM brand products listed above under normal environmental conditions.

This warranty does not cover:

Labor costs.

Damage to the coating, property, building or contents caused by fire, settlement, faulty construction or design, misuse of structure, inadequate drainage, improper or inadequate maintenance of the roof, or other failure of the structure; and,

Damage to the coating due to extraordinary or unusual events, natural causes, including but not limited to, lightning, physical encroachment by wind driven debris or wind related structural deterioration, hail, earthquake, or other acts of God; and,

Damage to the coating resulting from cracks, deterioration or openings in the roof substrate; and,

Damage to the coating due to loose, defective or improperly installed fasteners; and,

Physical damage caused by third parties or foreign objects or agents, including plant or animal life, or any organic or inorganic solvents; and,

Damage caused by repairs or alterations to, encroachment upon, or erection of any structure on the roof or any use of the roof and,

Damage done to the building or anything therein; and,

When the product is applied over dirty or improperly prepared surfaces including, but not limited to surfaces retaining residue from organic decaying material, greases, oils etc. no matter the surface appearance or the final inspector's acceptance; and,

Areas of pooling or ponding water present forty-eight hours after a rainfall and areas where water is allowed to drain onto the roof from air conditioning units or other rooftop equipment no matter the surface appearance at preliminary inspection or the final inspector's acceptance; and,

Failure of coating system due to presence of previous coatings installed; and,

Color or surface changes in the coating as the result of normal weathering or atmospheric conditions.
